Pope Francis: God is Life!
 In June of 2013, Pope Francis led a weekend celebration in honor of the Gospel of Life. In his homily, he proclaimed that God is Life, and that being pro-life is a great yes to who God is. He said, "All too often, as we know from experience, people do not choose life, they do not accept the "Gospel of Life" but let themselves be led by ideologies and ways of thinking that block life, that do not respect life, ... It is the idea that rejecting ...

the Gospel of Life, will somehow lead to freedom, to complete human fulfillment. As a result, the Living God is replaced by fleeting human idols which offer the intoxication of a flash of freedom, but in the end bring new forms of slavery and death." Together, let us choose life!
